FEARFUL FALL.

Three Miners Killed and Several Fatally Injured.

National Associated Press to the Star.

SAN FRANCISCO, CAL., Oct. 4.—Last night, when the relief gang was being lowered down the shaft of the Toga Mine, in the Bodie District, the cage fell over 300 feet to the bottom, killing Henry Richard outright and injuring nine others fatally, two of them having since died. All the others will certainly die. The affair causes intense excitement at the mines, where the dead and injured men all have families.

FIVE MILLION IDLE SPINDLES.

National Associated Press to the Star.

MANCHESTER, Oct. 4.—As a result of the great depression in the Lancashire cotton trade, it is stated that some of the largest private firms have curtailed the production to such an extent that about 5,000,000 spindles are now stopped in Oldham and its surroundings alone, and the recent decision of the spinners in reply to operatives, declining to withdraw the notice of a 5 per cent. reduction in wages, and declining an interview, will have the effect of stopping all, or nearly all, the spindles in the district, as a strike is probable.

BRIGHTER PROSPECTS AT PRESTON.

From Preston there is a report of somewhat brighter prospects. The number of workpeople idle is said not to be so large as it was a few weeks ago, though several mills may shortly be closed. The Stourton Mill intended stopping nearly three hundred thousand spindles, but a timely order arrived from the Continent, and work is still going on. There is not the slightest improvement in the cotton trade in Burnley so far as an increase in the supply of work is concerned. The pauperism in the town is nearly fourfold what it was two years ago.

The money was found there.

RESERVEVILLE, IND., Oct. 4.—About four miles south of here yesterday, on the Greensburg Road, was enacted a bloody drama, the actors of which were Alonzo Briceon and Willis Toole. Briceon fired four shots, three of them taking effect. Toole died during the night. Both parties were intoxicated. The crime was without premeditation.

The men both reside at Williamstown, and were brothers-in-law. Their wives and children were with them at the time. Briceon has been arrested.

A few minutes later Samuel Stride, a young man, cousin of the lady, entered her room and, tearing the child from the arms of the terrified and screaming woman, committed a brutal outrage upon her. He then fled and has not yet been arrested. Mrs. Cox is in a critical condition.

Probable Massacre of Payne's Entire Command.

Rumored Intelligence from Indian Agent Meeker.

PAYNE'S FORCES PROBABLY MASSACRED.

RAWLINS, W. T., Oct. 4.—No news from Payne's force to this morning. From this ominous silence it is inferred that the massacre of Thornburgh's force has been completed. It is believed that the heavy firing heard by incoming ranchmen Monday night was caused by a final and successful attack by the Indians. About 600 troops have been forwarded to the rescue, and more cavalry will follow Monday. It is not thought that the Indians will be found, but that they will take to the mountains and fight to the bitter end. Their extermination is the only thing talked of.

RUMORED ADVICES FROM MEEKER.

Owing to the stoppage of the coal mines, one of the furnaces at Destevara Glass Works is shut down, and a large number of hands are thrown out of employment. "Take the witness, Major," said the Prosecutor to Major Travis, who defended Mrs. Brackett.

"I don't want her," said the Major, "but I'll ask her a few questions."
